OHIO DEMOCRATS

Meet in Convention—Hoadly Nominated by Acclamation.

By Telegraph to THE SENTINEL.

COLUMBUS, O., Aug. 20.—The Democratic State convention was late in convening this morning. The sub-committee on resolutions remained in session till 5 o'clock this morning. Then being unable to agree turned it over to the full committee, and it probably will not be able to report before noon. The balance of proceedings give promise of a routine nature.

The convention was called to order at 10:15 a. m. by T. J. Cogan, chairman of the state central committee, and the committee on permanent organization reported Hon. John Follet, of Cincinnati, as permanent chairman and Hon. George W. Hull, of Lima, as permanent secretary. The principal feature of a short speech by Mr. Follet was the strong endorsement of the national administration and complimenting the convention on the very favorable auspices under which it had met, with the national government democratic and the states promisingly so.

The committee on credentials reported all delegations full and no contests. A little scene was created in the convention at this point by the introduction of W. A. Miles, of Columbus, a member of the committee appointed at a late meeting of the state convention to memorialize the state conventions of the two parties for the resubmission of the second amendment to a vote of the people. Hon. Mills Gardner, Jas. McVay and other prominent members of the union were present as members of the committee. The report asked the resubmission of the second amendment, closing the saloons on Sunday, and a general remedy for existing evils from the drink traffic. A great uproar was created in the convention by a glass of water being handed Miles while reading the report to the committee on resolutions.

Under the rules, the committee on resolutions not being ready to report, the convention proceeded to the nomination of candidates for governor. Congressman G. W. Geddes was the first to appear and offered the name of Governor Hoadly in quite a lengthy speech, recounting the brilliant record of the governor and his administration, and also paying a high compliment to Judge A. G. Thurman, announcing he could not allow the use of his name before the convention. Geddes concluded his effort by moving a suspension of the rules and the nomination of Hoadly by acclamation.

Gen. Michael Ryan, of Cincinnati, followed, seconding the motion of by acclamation, and defended the governor at length against the charge that he had made mistakes. When the motion was put, the voice was unanimous and enthusiastic, with the exception of a few voices from the Hamilton county delegation.

After a committee had been appointed to wait on Governor Hoadly and bring him before the convention, W. V. Marquis, of Logan county, in a short speech presented the name of John G. Warwick, of Massillon, for re-nomination for lieutenant governor. The motion was immediately put and carried unanimously, amid great applause.

Charles D. Martin, of Fairfield county, and Judge W. J. Gilmore, of Franklin, were presented for supreme judge for the long term. Before the call was completed the name of Gilmore was withdrawn and Martin's nomination was made unanimous and by acclamation.

HOADLY SPEAKS.

Governor Hoadly was introduced amid much enthusiasm, and explained why he had not been an outspoken candidate for the nomination. The party had brought him through before in an ambulance without much effort on his part, and he thought he had no right to

claim a renomination under the rules of precedent, the convention being free to act without asking. He could not help but respond to the call, and with better health, would hope for even better results. In discharging his trusts, he demanded the most searching criticism in all his official acts. He endorsed the work of the last legislature, saying nothing was done by it which Judge Foraker would have dared veto, if he had power. He had thought Foraker, instead of finding fault with the present administration, should be defending the memory of Rutherford B. Hayes and the legislature which robbed Cincinnati of local self-government. Governor Hoadly defined himself as against prohibition and did not believe regulation and taxation was eternal. Taxation was odious to him.

OTHER NOMINATIONS.

For judge of the supreme court, vice Okey, deceased, George B. Okey, son of the late incumbent, was presented with Victor P. Kline, of Cuyahoga, and Gibson Atherton. On the third ballot Atherton was nominated.

The ticket was completed by the nomination of Peter Brady for treasurer; James Lawrence, attorney general; Henry Weible, member of the board of public works—all by acclamation.

The platform was read at 2:20 p. m. by Hon. W. W. Armstrong, chairman of the committee on resolutions, and several sections were received with applause and unanimously adopted. The convention then adjourned.

THE PLATFORM.

The democracy of Ohio, in convention assembled, congratulate the country:

First—Upon election and inauguration of the democratic candidates for president and vice president of the United States. These fortunate events and the wise administration that has followed have already dispelled the illusion that democratic power is inconsistent with the business interests of the country, or perilous to the rights of freedom. The revival of prosperity and increase in value of property, already begun, demonstrates the beneficence of democratic principles, even before any session of congress has enabled the country to realize the full fruition of their application by legislation.

Second—We congratulate President Cleveland upon his cabinet and upon the auspicious beginning they have made in the necessary reforms of the government and heartily endorse their administration.

Third—We approve the measures taken by the democratic congress for preventing the acquisition of unearned lands by railroad companies, and a democratic president in firmly holding public lands for public uses, and preventing their unlawful occupation.

Fourth—We reaffirm the platform of principles adopted by the democratic national convention in 1884.

The platform continues and endorses Governor Hoadly's administration, sincerely regrets the death of General U. S. Grant and also the death of Judge J. W. Okey. It asks the general assembly to pass a liquor license law and says: "The democratic platform is, as it always has been, opposed to sumptuary legislation and unequal taxation in any form and is in favor of the largest liberty of private conduct consistent with public welfare and rights of others and of regulating the liquor traffic and providing against evils resulting therefrom by a judicious and properly graded license system."

The platform favors a revision of the state constitution to admit such a license.

Enforcement of the Medical Law.

Dr. Metcalf, secretary of the state Board of Health, to-day issued a letter of instruction to county health officers touching the enforcement of the law requiring physicians to have license. He is of the opinion that it is the duty of health officers, in accordance with section 2 of the law establishing a health board, to see that the provisions of the medical law are strictly enforced. Secretaries are directed to examine the records of license kept by the county clerk, and if any such have been obtained without first complying with the law, or by fraudulent representation, to prosecute offenders under section 4 of the medical law.

Hydrophobia in Dekalb County.

Dr. H. V. Swearing, secretary of the county Board of Health, was yesterday notified by Dr. D. J. Swarts, secretary of the Dekalb county Board of Health, that a case with symptoms of hydrophobia had been discovered at Auburn. The history of the case also bears out the diagnosis.

By Telegraph to THE SENTINEL.

SHEENANDOAH, Aug. 20.—The miners and laborers employed at Lents, Lilly & Co.'s colliery have quit work because of a reduction in wages, and Hungarians and Poles are being put to work about the mines. The foreigners were attacked Tuesday morning. The fight became general and was participated in by one hundred men and boys. From fifteen to twenty-five persons were seriously and several Hungarians fatally injured. The Hungarians fought desperately and showed a determination not to leave the place. Yesterday morning they returned to the colliery and have not since been interfered with.

New York and Brooklyn Excited.

BROOKLYN, Aug. 20.—The Board of Health here notified the Sanitary Inspector to be on the lookout for Henry Ryders, 22 years old, a sailor on the schooner John Gibson, who had left the vessel, now lying at a Brooklyn dock, sick with symptoms suspiciously like those of yellow fever. The John Gibson came into port from Cienfuegos, August 16th, and was detained at quarantine till August 14, when, all being well on board, she was allowed to come to her dock. It is reported now that her captain had died on the voyage from the fever. Another report says there was no sickness on board. Which report is true cannot be ascertained at present. Ryders left the ship, and when it was found he had crossed the city to New York, search was at once made for him. Before it was begun a citizen had found Ryders lying very ill in the Battery Park, and had helped him to No. 27 State Street, where he fell in a hallway, unable to go further. Here, Dr. Covant, a sanitary inspector, found him, and had him at once removed to the Riverside Hospital. During the night he developed the well-known signs of the dread disease. He was removed to the quarantine. The health officers say they do not believe yellow fever could become epidemic in New York, in its present sanitary condition.

Annual Convention.

PHILADELPHIA, Aug. 20.—The National Association of ex-Prisoners of War began its Twelfth Annual Session here yesterday. The following committee on credentials was appointed: Comrades Britton, Ripley and Stark. Before this committee concluded its labors the reports of officers were handed in. In his report the President said: "There has been no very marked progress in the advancement of our organization during the past year; while our hopes of extending our organization, so as to include all ex-prisoners with complete State organizations, has not been fully realized; much practical work has been done that must produce desirable results in the immediate future. We have now regularly chartered associations, either State or local, in fifteen States, as follows: Pennsylvania, 9; Michigan, 7; Ohio, 5; Indiana, 3; New York, 1; Colorado, 2; Massachusetts, 2; Connecticut, Illinois, Wisconsin, Maryland, Virginia, Alabama, Kansas, and the District of Columbia, making a total of thirty-seven organizations in all." The Secretary's report showed that one local association has been organized at Wichita, Kansas, and that regular State association meetings have been held in the States of Indiana, Ohio, Virginia, and Pennsylvania. The Treasurer was absent and his place was occupied by Dr. G. A. Gessner, of Fremont, Ohio, and his report showed that \$311.16 had been received during the last term. The meeting then adjourned, and the members were escorted through the United States mint by comrades of the Pennsylvania State Association.

Held for Murder.

By Telegraph to THE SENTINEL.

CHICAGO, Aug. 20.—Martin Fox, alias Wilson, was arrested yesterday at the

prison door at Joliet, Ill., immediately after his release from a one year term. He has been taken to Tipton, Ind., where he will be held for the murder of John Nadlebrom, in 1880.

CHICAGO, Aug. 20.—A strange malady has broken out among cattle, particularly milch cows, in the stock yards. It appears to be in all cases fatal, and is thought to be Texas fever.

A NEW DEAL.

The Wabash to Connect With the Nickel Plate and West Shore Roads.

It is stated, says the Chicago Times, that General Manager Talmage, of the Wabash, is in New York, where he will be joined by the traffic manager, J. M. Smith, when a conference will be held with the Vanderbilt people upon the subject of making the Wabash the St. Louis connection of the Nickel Plate and West Shore lines for both passenger and freight traffic. It is said that Vanderbilt is willing to make the deal, and that the ground has been gone over and an understanding to that effect arrived at between the English holders of Wabash securities and Mr. Vanderbilt and his representatives. If this arrangement is made the junction of the Wabash and Nickel Plate, at New Haven, will boom that village into a railroad center.

The Base Ball Clubs.

A correspondent asks for the standing of the league clubs and it is given: In the race for the pennant in the national league Chicago leads with sixty-one games won and seventeen lost. New York is second with forty-six games won and eighteen lost. Providence is a poor third and Philadelphia fourth. These places seem fixed unalterably. The fifth place, however, is a matter of contest between Boston and St. Louis, with the former on top this week. Detroit has fallen back to the bottom place, Buffalo leading by one game. In the American association St. Louis has a winning lead, with Cincinnati second, Louisville and Pittsburg are tie for third place.

Death of J. M. Reidmiller.

John M. Reidmiller died last night, at his home on Taylor street, after a severe, lingering illness. His family and near relatives were at his bedside to soothe his last moments. Mr. Reidmiller was forty-nine years old and was a native of Germany. He came to Fort Wayne when a boy and worked up to a position of honor in life and a warm place in the hearts of his friends. Three times was he chosen to represent the Fifth ward in the council and faithfully did he discharge public trusts. Mr. Reidmiller was a successful business man, an honored citizen and a good, honest man. His wife and children are comfortably fixed, through the labors of a loving husband and father.

The funeral will take place on Sunday afternoon from the house at 2 o'clock. Funeral service at St. John's Lutheran church, corner of Washington and Van Buren streets at 2:30 p. m. Friends of the family are invited to attend without further notice.

Accident at a Fire.

A blazing pile of shavings called the fire department to the St. Mary's Catholic church at noon. En route to the fire a hose cart collided with the hook and ladder truck. Asa Lewis was thrown from the truck and Driver Driebelbiss from the cart. No damage.

By Telegraph to THE SENTINEL.

INDIANAPOLIS, Aug. 20.—Constable Thomas D. Smith, of Lafayette, was suspended from duty yesterday. Under cover of his authority as constable it is charged that Smith has been issuing and serving warrants of arrest on young girls in the city and then taking them to his room and compelling them to remain with him over night. In the morning he would release the girls after exacting from them a promise to say nothing about the matter, and through fear of additional imprisonment they have for the most part kept silent. Smith makes no attempt to deny these allegations.

THE PLAGUE.

It is Asserted that Half the Cases Are Not Reported.

By Cable to THE SENTINEL.

LONDON, Aug. 20.—The majority of reports received here give the number of deaths from cholera at Marseilles at almost double that officially announced. A dispatch to the Renter's Telegram company says the sanitary condition of the city is alarming and that the epidemic is extending northward.

THE RICH ARE SAFE.

MADRID, Aug. 20.—The only wealthy persons who have been attacked by the cholera scourge are the public officials who are compelled to visit the hotbeds of infection. Many people are returning to the city, which they consider safer than the provinces. A doctor who saved fourteen out of fifteen patients in the second stage of infection by administering an emema of ether, has been authorized to apply the remedy in the hospitals.

MADRID, Aug. 19.—There were 4,109 new cases of cholera and 1,541 deaths from the disease in Spain yesterday.

Iowa Democrats.

CECILIA HARRIS, Aug. 20.—The Democratic State Convention adopted a platform asking for the repeal of the prohibitory liquor law and favoring the enactment of a license law from \$250 to \$1,000. Reference to President Cleveland is made as follows: "In President Cleveland the country has found a man of solid judgment, conscientious integrity unswerving fidelity, and patriotism and courage equal to that of Andrew Jackson, and his efforts for economy, for the exposure of the criminal acts of the Republican party and its officers, for his unflinching firmness in dealing with the cattle kings, for his zeal in behalf of reform, for his efforts to restore the public land to the settlers, for his efforts to enforce the law against polygamy, and for his constant watchfulness over the public welfare, he has used in such a way as to receive the hearty thanks of the Democracy of Iowa and its unswerving support."

The first ballot resulted in the nomination of Hon. Charles E. Whiting, ex-Judge and member of the last Senate, for Governor.

A spirited debate on fusion resulted in the nomination of Hon. E. H. Gillett, of Des Moines, the Greenback candidate for Congress from the seventh district for Lieut. Governor; F. M. Moore, of Davis County, Greenback candidate for Superintendent of Public Instruction.

A Fatal Collision.

CHARLESTOWN, W. Va., Aug. 20.—While the cars were ascending and descending the inclined railroad, at the Cabin Creek Coal Mine, a short distance above the city, loaded cars broke loose and collided with a car in which were Layton Oakford, President of the road, Thomas Peacock, Amos Mitchell, Joseph Hall, and a man named Thomas, killing the four first named and seriously wounding Thomas.

SENATOR McDONALD.

Ex-Senator McDonald, of Indiana, has been expressing his views of how the people of his state regard the administration of President Cleveland as follows: "A near as I can judge they admire the president's firm attitude and consider him a sincere man in all that he undertakes. As for any well-defined policy, putting the administration on record in a given political direction, four months is barely time enough in which to outline such a policy, to say nothing of introducing it. This has to be so big a country that big reforms or general changes are unwieldy things to handle. They take a good deal of time. I have great admiration for Mr. Cleveland and believe him to be honest and well-intentioned in the conduct of his administration. There will always be disappointed men, and any executive will meet with opposition.

As to civil service reform Mr. McDonald was of the opinion that it had come to stay.

BY THE QUEEN'S COMMAND.

Royal in dimples and gold brown hair,
And lips ripe-red as a robin's breast,
And hands and feet as busy as birds,
That curl and trill over half-built nests.
Queen of my heart is this blue-eyed maid
And many commands has she on me laid.

Tho' by far not as young as I one day was,
She bids me go down on my knees and hands
While she mounts on my back, and as untamed
steeds.

I maddly career on over carpet lands,
'Round hillocks of hassocks, 'twixt mountains
of chairs.
Through fringes of curtains and drapery
lairs.

And anon with an eye to my future good,
Her heavy command she lays on me,
And bids study, with ears fresh snapped,
The classical pages of A, B, C,
With their a-b ab and a-b at cat,
And o-g dog and a-r-a-r.

And again am I bidden to "be a bear,"
With a den in the darkest corner of all
Where deep in the maze of piano legs,
I must snarl and snarl and grovel and crawl,
And when her highness comes near the den.
The denouement is always then.

And when the riding and romping is done,
She bids me tell her a story or two;
And when they are finished I am asked to
"keep on."

And I yield and do as I'm bidden to do,
And I "tell" and talk till my mind is vexed
To know what to say or "tell" her next.

Then she puts her arms tightly about my neck
And her baby lips issue their sweetest law:
"Love me always the same as you do to-night,
And take me up in your arms, papa."

And close to my heart she warmly creeps,
And my queen and my love now sweetly
sleeps.

"O, baby, keep near to my heart like now;
Let your fingers like this with my tired arms
twine.

Let your golden curls rest upon my head,
That we scarce can know which is mine or
thine.

All through my life keep near as this
And then shall I know why heaven is bliss."

—S. B. McManus.

An interesting report has just been issued by an English Committee of Convocation, on the subject of the decrease of clerical incomes from land. The fall has been worst in the eastern counties; those in the west have been least affected by the agricultural depression. Glebe lands appear to have depreciated in value from 25 to 50 per cent. Eight cases are mentioned by the committee, the figures of which are startling. Incomes of £500 and £350 have fallen to nil, £700 has fallen to £240, £660 to £180, £600 to £250, £500 to £130, £180 to £60, and £170 to £60. The annual charges on most of these incomes still further reduce them. The above mentioned income of £240 has to bear a charge of £247, and another income of nil has a charge of £84.

Why Is It
That the sale of Hood's Sarsaparilla continues at such a rapidly increasing rate? It is—

1st. Because of the positive curative value of Hood's Sarsaparilla itself.
2d. Because of the conclusive evidence of remarkable cures effected by it, unsurpassed and seldom equalled by any other medicine. Send to C. I. Hood & Co., Lowell, Mass., for book containing many statements of cures.

"Your bitters is the best in the market and acts like a charm," write Messrs. Spear & Greene, Liberty, Ohio. We are selling it rapidly. We wish our readers could see the stacks of similar testimonials that have been received by the proprietors of Mischler's Herb Bitters since the remedy was put on the market. They would show them that the Bitters is a certain remedy for purifying the blood and secretions, a sure and absolute cure for dyspepsia, liver complaint, cramp in the stomach, and every form of indigestion.

Frightful Case Of a Colored Man!

I contracted a fearful case of blood poison in 1883. I was treated by some of the best physicians in Atlanta. They used the old remedies of mercury and potash, which brought on rheumatism and impaired my digestive organs. Every joint in me was swollen and full of pain. I was in a horrible condition; when I had been given up to die, my physicians, who had seen the workings of the medicine in other cases, thought it would be a splendid time to test the virtues of Swift's Specific. When I commenced taking S. S. S. the physician said I could not live two weeks under the ordinary treatment. He commenced to give me the medicine strictly according to directions, which I took for several months. I took nothing else, and commenced to improve from the first. Occasionally I would have a backset from imprudence. Soon rheumatism left me, my appetite became all right, and the ulcers, which the doctor said were the most frightful he had ever seen, began to heal, and by the first of October, 1884, I was a well man again. I am stronger now than I ever was before, and weigh more. I have not failed to report for duty since that time, being engaged in the oil warehouse of Chess-Carley Company. I have been, and still am, doing some of the hardest work any man ever did, and am ready to answer any question that may be asked concerning this cure. Swift's Specific has saved me from an early grave.

LEM MCCLENDON.
Atlanta, Ga., April 18, 1885.

LEM MCCLENDON has been in the employ of the Chess-Carley Company for some years, and I know the above statements to be true. At the time he began taking Swift's Specific he was in a horrible condition, and at my solicitation his treatment with S. S. S. was undertaken by a physician after several others had declared his case to be hopelessly incurable. He took nothing but S. S. S., and has been as sound as a new dollar for several months. I regard his cure almost miraculous.

CAUTION!

Consumers should not confuse our Specific with the numerous imitations, substitutes, potash and mercury mixtures, which are gotten up to sell, not on their merit, but on the merit of our remedy. An imitation is always a fraud and a cheat, and they thrive only as they can steal from the article imitated.

For sale by all druggists. Treatise on blood and skin disease mailed free.

Ex-Councilman Sion Smith caught fifty-five bass at Rome City yesterday. All his friends will supper with him to-night.

Sam B. Sweet went to Peru this morning. Although he has not fully recovered from his recent illness, business was so urgent that he was compelled to go.

When it was found that St. Jacobs Oil conquers pain the question might have been asked: What next? The answer now is: Red Star Cough Cure which conquers pain.

Wm. Hessian, of Monroeville, and Henry Grady and Jack Griffin, who ditch for Joe Bowers, were arrested for drunkenness last night. The ditchers went to jail and Mr. Hessian gave bail.

Building permits have been allowed to Charles S. Tielker to construct a frame kitchen on lot 22 Rockhill and Nelson's addition to cost \$160, and to O. E. Fleming to erect a two story house on lot 235 Rockhill's addition, to cost \$2,000.

The king of Denmark is truly a paternal monarch. Finding that during the recent severe weather the royal foot guards were suffering from coughs and colds, this good old gentleman ordered a supply of Dr. Bull's Cough Syrup for them and now the sentries are happy.

"Miss Flo. Gossette, of Wabash, who has been visiting Miss Nellie VanAntwerp, went to Fort Wayne to-day for a few days' visit. Miss S. Rettig, James McHenry and wife, Will Snavely, Will Moyer, of Wabash; Miss Nellie Freeman, Bluffton; Mrs. A. Gibford, Fort Wayne; Miss Kate Neely, of Muncie, a niece of A. Q. Kenower, were in the city in attendance on the McGrew-Kenower nuptials," says the Huntington Herald.

It is a fact of large importance that the entire net decrease this year and more had been made by the following named roads: Grand Trunk, \$860,830; Erie, \$576,906; Pennsylvania, including the Pittsburg, Grand Rapids and Richmond roads, \$2,013,656; Lake Shore, \$799,293; Michigan Central, \$630,000; Reading, \$1,508,461; and Northern Pacific, \$1,254,783--total, \$7,643,929. The decrease by eighty-two lines has been only \$7,384,154, showing that, apart from seven lines, gains in earnings have exceeded losses.

The Toledo Bee says this of a former Fort Wayne citizen and politician: "Mr. P. J. Mettler is no longer a candidate for chief of police. He has been offered and accepted a position as book-keeper at the Eagle brewery. Yesterday Mr. John J. Jacobi sold his interest in the Buckeye brewery to Dennis Coghlin and then purchased the interest of Frederick Lang, sr., in the Eagle brewery," to which he will hereafter devote his energies. Mr. Mettler is a finished accountant and his intimate knowledge of brewing affairs will make his services invaluable."

Personal Gossip from Roanoke.
 A correspondent at Roanoke writes: "Mrs. B. L. Thomas, of Fort Wayne, is visiting her sister, Mrs. Jennie Simons, residing west of town. Messrs. Angelie and Ward, of Zanesville, were initiated in the Grand Army post here at the last meeting. Uncle Jerry Orider, of Churubusco, Ind., paid a visit to a large circle of relatives in this vicinity, several days last week. The old gentleman is over seventy and is as active as most men of fifty years. George Salter, from near Zanesville, was in town Monday, looking at some town property with a view to purchase and locate here. Sylvester Dinus left Monday for some of the southern states, in the interest of the lumber business for Hoffman Brothers, of Fort Wayne."

The Convalescent.
 "What is the matter with the patient?" asked a young and illiterate physician. "Why, he is convalescent," was the answer of the hospital attendant. "Oh, then," responded the physician, "that's nothing. I can cure convalescences in three hours." Such physicians ought to let people alone and allow them to cure themselves by using Brown's Iron Bitters. Mr. F. R. Perryman, Mobile, Alabama, says: "I used Brown's Iron Bitters for weak back and indigestion and am now all right."

Fort Wayne Warriors Abroad.

The Albion Democrat devotes much space to the encampment held there last week. It pronounces the gathering a success and says 16,000 people attended. The Democrat says: "Thursday afternoon the crowd assembled at the speakers' stand in front of the court house. Speeches were made by Colonel Zollinger, Colonel Young, T. P. Keator, General Blair, Rev. Mr. Blair, Prof. D. D. Luke, of Ligonier, and others." On the register at the camp appears these names: "Col. John W. Young, Fort Wayne, major, Seventy-sixth New York; Col. Y. M. A., and for gallantry in the Maximilian war was presented by the Mexican government with what is said to be the finest mounted sword ever made. Col. C. A. Zollinger, 129th Indiana, Fort Wayne."

The Rev. W. H. H. Murray, of Adirondack and backboard wagon celebrity, and long the petted pastor of the fashionable Park Street Church in Boston, claims to have been where no other white man ever was, and to have sailed for days upon the vast fresh-water sea, which, he says, is many times bigger than Lake Superior, and yet it is not on any map or in the knowledge of any other white men, save those who have heard the Indian legends of the Hudson Bay Company tell marvelous tales of its immensity and the vast wilderness in which it lies. Mr. Murray is keeping a little oyster-house in Montreal. It is a neat little box, and the waiters are pretty women. Murray stands near the door, and to every customer who enters he bows and says, "Your servant, sir." As a special favor to friends or distinguished visitors, he sometimes presides at the open coal fire-place, cooking oysters in batter or butter, or broiling a bird or fish.

Listen to Your Wife.

The Manchester Guardian, June 8, 1883, says: At one of the "Windows"
 Looking on the woodland ways! With clumps of Rhododendrons and great masses of May blossoms!!! "There was an interesting group."
 It included one who had been a "cotton spinner" but was now so paralyzed!!!
 That he could only bear to lie in a reclining position.
 This refers to my case.
 I was first attacked twelve years ago with "Locomotor Ataxy" (A paralytic disease of nerve fibre rarely ever cured).
 And for the last five years not able to attend to my business, although many things have been done for me.
 The last experiment being nerve stretching. Two years ago I was voted into the Home for incurables! Near Manchester, in May, 1882.

I am now "Advocate"; "For anything in the shape of patent" Medicines?
 And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her—
 Consented!!

I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3. On Sunday morning I felt so strong I said to my room companions, "I was sure I could walk!"

So started across the floor and back. I hardly knew how to control myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any "Stick!"

Or Support.
 I am now at my home living again. I have been a member of the Manchester "Royal Exchange".

For nearly 30 years, and was most heartily congratulated on going into the room Thursday. Very gratefully yours, John Blackburn, Manchester, Eng., Dec. 24, 1883.
 Two years later am perfectly well.

Prosecute the Scoundrels!!!
 If when you call for Hop Bitters (see green cluster of Hops on the white label) the druggist hands out any stuff called G. D. Warner's German Hop Bitters or with other "Hop" name refuse it and shun that druggist as you would a viper; and if he has taken your money for the stuff, indict him for the fraud and sue him for damages for the swindle, and we will reward you liberally for the conviction.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinders of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33 1/3 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the cans says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

UNDER COVER. **Second Day of the Great Military** **Encampment—The Guard** **Mounting and Bat-** **talion Drill.**

The second day of the Northern Indi-
 ana military encampment was ushered
 in with all things in its favor. The
 weather was bright and cool, at least
 cool enough to keep the boys in blue
 stirring and the sentries hurried their
 steps this morning as they patroled the
 camp under regular military discipline.
 A hundred tents went up to-day, and still
 the work goes on to keep pace with the
 steady stream of old veterans pouring in
 from Indiana, Michigan and Ohio.

The exercises this morning were first
 to place U. S. Grant camp, for such the
 gathering is christened, under strict mil-
 itary discipline to continue until the final
 break. The guard mounting this morn-
 ing was a pleasing sight and again came
 the battalion drill, the entire military
 forces participating. The fife and drum
 kept the spirit up when other festivities
 ceased, and the place was the picture
 and embodiment of camp life.

The refreshment stands, side shows,
 candy booths, dance halls and horse
 swing do a thriving business and by to-
 morrow their trade can be likened unto
 a land office rush. There is but one
 verdict on the gathering and that is to
 pronounce it "guilty" of being a grand
 success and THE SENTINEL is pleased to
 say so.

NOTES.

Mayor Muhler will entertain Governor
 Gray.

Governor Gray and staff will arrive to-
 morrow evening at 8 o'clock.

The postoffice was decorated to-day
 by order of Mr. Kaough.

The visitors are well cared for and it
 is estimated they number 10,000.

Department Commander Foster has
 headquarters at the north end of the
 grounds.

Two car loads of field guns have ar-
 rived from Toledo and one car load from
 Indianapolis.

Herman Nathan, of the firm of Nathan
 & Strauss, Chicago, gave \$25 to the en-
 campment fund.

Generals Sherman and Rosecrans will
 not come, although they promised to
 over their own names.

It is said a hackman smuggled several
 jugs of whisky into camp last night and
 sold the stuff at big profit.

S. S. Burdette, commander-in-chief of
 the G. A. R., will arrive from Washing-
 ton and be the guest of Department
 Commander Foster.

To-morrow a company of forty veter-
 ans come from Lima, a company of forty
 from Delphi, and a company of forty
 from Lafayette come here to attend the
 encampment.

"A number of the soldier boys left to-
 day for Fort Wayne to attend the en-
 campment and re-union. A great many
 of our people will visit the city during
 the encampment," says the *Huntington*
Herald.

The Roanoke correspondent of the
Huntington Herald says: "A large
 number of our people will attend the re-
 union as a body. The post here will
 attend as a body. The boys anticipate
 a huge time."

Governor Gray has granted the third
 regiment, Ohio National Guard, permis-
 sion to cross the border line into the sac-
 red soil of Indiana, and the regiment,
 500 strong, has gone into camp at Rich-
 mond. To-day will be G. A. R. day,
 and Friday K. P. day.

The following gentlemen acted as aids
 to Col. C. E. Briant to-day: "Lieut.
 Warren Lumbard, Win S. Bash, Capt.
 Hugh M. Diehl, Chris. Newcomer, John
 Dougall, Thomas J. Degan, Dr. J. W.
 Younge, William McClellan, A. R. Mc-
 Curdy, Charles Reese, Will Peltier, Ed
 Coombs, Ed. White, Rob Carnahan,
 Willis Aash, John C. Kensill and Frank
 Falker.

The Emmet Rifles, of Jackson, will
 present the drama of "Robert Emmet,"
 at Catholic Library hall to-morrow
 night. To-morrow morning at 9 o'clock
 the Jackson company and the Fort
 Wayne veterans will parade the princi-
 pal streets to advertise the play, which
 is for the benefit of the Ladies Relief
 corp, of the G. A. R.

"To-morrow morning Co. 'C,' 32
 strong, leaves for Fort Wayne to go into
 camp with the first regiment. They will
 meet the Hagar veterans (Co. A), of
 Terre Haute, at the depot to-night. This
 company will stop over and accompany
 'C' in the morning. At Delphi they
 will be joined by Co. 'H.' The encamp-
 ment promises to be a grand success,"
 says the *Lafayette Courier*.

A Couple of Burglaries.
 Last night about 10 o'clock thieves
 went to the residence of Dave Kramer,
 an engineer on the Grand Rapids road,
 and stole \$50 worth of clothes hung out
 on a line. Later they returned and at-
 tempted to enter the house, but Mrs.
 Kramer aroused the neighborhood and
 the police. Mr. Kramer lives in the
 east end and the rascals got away before
 the officers got there.

Burglars entered the residence of Otto
 Nichter, on Lavina street and stole a

revolver. Deputy Marshal Patton lives
 next door, but was not called to catch
 the thief.

This communication and reply is

 It explains itself:

To the Editor of the *Indianapolis Journal*:
 My attention has been called to an
 item in your Sunday (August 16) edition,
 under head, "Railway Gossip." This
 item purports to be a copy of an order or
 agreement which persons are required to
 sign before being allowed the privilege of
 working for our company.

This statement and article is a mali-
 cious lie, and, having its due weight
 with certain classes, we would kindly re-
 quest you to please correct same in next
 issue.

This article has been going the rounds
 for some time, yet I have the first copy
 to see outside of newspapers. If such
 an article be in circulation, it has its ori-
 gin outside of those in authority on this
 line.

We make no distinction in the men we
 employ, care nothing for their views on
 any subject, neither do we care to what

 is to act as gentlemen, work like men,
 and they will be treated as such. No
 man ever signed or was asked to sign any
 agreement to get employment with us.
 We simply claim the right to control our

A BOLD JOB.

Daring Attempt to Burglarize
Foster's Furniture Store—
Eddie Trentman's
Grit.

A bold attempt was made this noon to
 burglarize the safe at Foster's furniture
 store. Two of the clerks were on the
 first floor, when three men came in. One
 of the men took one of the clerks out-
 side to look at goods in the window, and
 another took the other clerk, a young
 boy named Eddie Trentman, to the back
 part of the store, the other man staying
 in front by the desk. Young Trentman
 heard the lock of the safe click and start-
 ed up towards the desk. The burglar
 hearing him attempted to get out, when
 Trentman bravely grasped him by the
 arm and attempted to hold him, but the
 burglar choked him almost to insensibil-
 ity, and all three escaped down Clin-
 ton street and at last accounts were
 making tracks west on the Nickel Plate.
 Luckily no money was taken, the click
 of the lock betraying the burglar before
 he got it open.

DESTRUCTIVE FIRE.

Kinsey, the New Town on the
Nickel Plate Road, Almost
Destroyed.

From the few particulars received,
 says the *Warsaw Times*, it is learned
 that the new town of Kinsey, located in
 the southeastern part of Kosciusko coun-
 ty, on the Nickel Plate railroad, was al-
 most destroyed by a fire Tuesday after-
 noon. The destruction, for a new town,
 was very great. A barn, the depot sev-
 eral houses and about \$800 worth of
 lumber, belonging to Ol Matthews, of
 Warsaw, were destroyed. The informa-
 tion in reference to the fire was very
 meager, but the above embraces all that
 has so far been learned.

STOPPED AGAIN.

The Wabash Pay Car in a Bad
Wreck.

The fast express over the Baltimore
 and Ohio road yesterday collided with
 the pay car of the Wabash road at Wal-
 kerton. No persons were injured. The
 engine handling the Wabash pay car,
 however, was damaged some \$2,000, it
 is estimated. The Wabash employees
 have been paid as far as Logansport,
 but this collision may again delay the
 car. The smashed locomotive will come
 here for repairs.

It is said the Wabash pay car will ar-
 rive to-night or to-morrow, but this is
 not official. The employees are all at
 work and say they won't strike.

"It's No Use," says the despondent
 dyspeptic. But it is of use. Your suf-
 ferings can be relieved; thousands have
 been cured, and you can also. Broken
 down, desponding victims of dyspepsia,
 liver complaint, fever and ague, rheuma-
 tism, nervous debility or premature de-
 cay, will find in Simmons Liver Regula-
 tor a vegetable specific which reaches the
 source of the trouble and effects an ab-
 solute and permanent cure. It regulates
 the liver, dispels despondency and re-
 stores health.

ARTISTS ARRESTED.

The Photographers' Association
Proceeds Against Messrs.
Hover and Lehman for
Desecrating the
Sabbath.

This morning members of the local
 association of photographers filed affida-
 vits against J. V. Hover, of 112 Calhoun
 street, and one Lehman, who keeps at
 164 Calhoun street. The gentlemen were
 charged with desecrating the Sabbath,
 and when they stepped into Ryan's
 court photographs were displayed to
 convict them of following their usual avo-
 cation on Sunday. The reason of this
 sudden moral splurge is this agreement,
 which explains itself:

FORT WAYNE, March 20, 1885.
 We, the undersigned photographers of
 Fort Wayne, Ind., wishing to enjoy the
 privileges granted mankind by the Cre-
 ator, who directed that we should do all
 our work in six days and rest upon the
 seventh, do hereby give notice to the
 public that after April 1 our galleries
 will be closed on Sundays, and no sit-
 tings or work of any kind shall be done in
 our respective galleries, and that a copy
 of this notice shall be conspicuously dis-
 played in our studios.

 J. V. HOVER,
 L. R. BARROWS,
 J. SHOAF,
 A. TOMLINSON,
 F. SCHANZ,
 HAMILTON GALLERY,
 BROADWAY GALLERY,
 CARL SOMMEIS.

Before the adoption of that paper it
 was common for photographers to do
 their work on Sunday, in fact it grew to
 be the most profitable day of the week.
 A moral wave struck the artists and now
 the association proposes to keep up the
 good work right along. He who violates
 it must pay \$25, like the gentlemen ar-
 rested this morning.

Mr. Hover paid his fine promptly, and
 like a man smiled at the affair. Lehman
 will have his trial postponed until to-
 morrow, and says he can work on Sun-
 day, as he is a Jew. He took tintypes
 last Sunday, while Mr. Hover struck off
 fine photographs.

James Henderson's Frightful **Death.**

THE SENTINEL yesterday noted the
 violent death of James Henderson, a
 cousin of Mrs. K. K. Wheelock, at Syra-
 cuse. The *Warsaw Times* gives these
 particulars of the frightful affair: "While
 crossing the Baltimore and Ohio railroad
 at Syracuse, James Henderson was
 struck by what is known as the fast
 Wabash train, and himself and the team
 he was driving was instantly killed. The
 wagon was also totally demolished and
 made a complete wreck. The entire
 back of Mr. Henderson's head was cut
 off, and his body was bruised and
 mangled also. His body was thrown
 about 75 feet from the point where he
 was struck. Both horses were thrown
 clear off the track, one of them being
 hurled 140 feet."

The St. Bernard Commandery No. 73,
 Knights of St. John, will hold a drill
 meeting to-night and make arrange-
 ments for the reception to be given the
 Emmet Rifles.

The combination, proportion and pro-
 cess in preparing Hood's Sarsaparilla,
 are peculiar to this medicine, and are un-
 known to others.

OHIO DEMOCRATS

Meet in Convention—Hoadly Nominated by Acclamation.

By Telegraph to THE SENTINEL.
COLUMBUS, O., Aug. 20.—The Democratic State convention was late in convening this morning. The sub-committee on resolutions remained in session till 5 o'clock this morning. Then being unable to agree turned it over to the full committee, and it probably will not be able to report before noon. The balance of proceedings give promise of a routine nature.

The convention was called to order at 10:15 a. m. by T. J. Cogan, chairman of the state central committee, and the committee on permanent organization reported Hon. John Follet, of Cincinnati, as permanent chairman and Hon. George W. Hull, of Lima, as permanent secretary. The principal feature of a short speech by Mr. Follet was the strong endorsement of the national administration and complimenting the convention on the very favorable auspices under which it had met, with the national government democratic and the states promisingly so.

The committee on credentials reported all delegations full and to order.

A little scene was created in the convention at this point by the introduction of W. A. Miles, of Columbus, a member of the committee appointed at a late meeting of the state convention to memorialize the state conventions of the two parties for the recommitment of the second amendment to a vote of the people. Hon. Mills Gardner, Jas. McVay and other prominent members of the union were present as members of the committee. The report asked the recommitment of the second amendment, closing the saloons on Sunday, and a general remedy for existing evils from the drink traffic. A great uproar was created in the convention by a glass of water being handed Miles while reading the report to the committee on resolutions.

Under the rules, the committee on resolutions not being ready to report, the convention proceeded to the nomination of candidates for governor. Congressman G. W. Giddens was the first to appear and offered the name of Governor Hoadly in quite a lengthy speech, recounting the brilliant record of the governor and his administration, and also paying a high compliment to Judge A. G. Thurman, announcing he could not allow the use of his name before the convention. Giddens concluded his effort by moving a suspension of the rules and the nomination of Hoadly by acclamation.

Then, Michael Ryan, of Cincinnati, followed, seconding the motion of acclamation, and defended the governor at length against the charge that he had made mistakes. When the motion was put, the voice was unanimous and enthusiastic, with the exception of a few voices from the Hamilton county delegation.

After a committee had been appointed to wait on Governor Hoadly and bring him before the convention, W. V. Marquis, of Logan county, in a short speech presented the name of John G. Warwick, of Mansfield, for renomination for lieutenant governor. The motion was immediately put and carried unanimously, amid great applause.

Charles D. Martin, of Fairfield county, and Judge W. J. Gilmore, of Franklin, were presented for supreme judge for the long term. Before the call was completed the name of Gilmore was withdrawn and Martin's nomination was made unanimous and by acclamation.

HOADLY SPEAKS.

Governor Hoadly was introduced amid much enthusiasm, and explained why he had not been an outspoken candidate for the nomination. The party had brought him through before in an ambulance without much effort on his part, and he thought he had no right to

claim a renomination under the rules of precedent, the convention being free to act without asking. He could not help but respond to the call, and with better health, would hope for even better results. In discharging his trusts, he demanded the most searching criticism in all his official acts. He endorsed the work of the last legislature, saying nothing was done by it which Judge Forsaker would have dared veto, if he had power. He had thought Forsaker, instead of finding fault with the present administration, should be defending the memory of Rutherford B. Hayes and the legislature which robbed Cincinnati of local self-government. Governor Hoadly defined himself as against prohibition and did not believe regulation and taxation was eternal. Taxation was odious to him.

OTHER NOMINATIONS.

For judge of the supreme court, vice Okey, deceased, George B. Okey, son of the late incumbent, was presented with Victor P. Kline, of Cuyahoga, and Gibson Altherton. On the third ballot Altherton was nominated.

The ticket was completed by the nomination of Peter Brady for treasurer; James Lawrence, attorney general; Henry Weible, member of the board of public works—all by acclamation.

The platform was read at 2:30 p. m. by Hon. W. W. Armstrong, chairman of the committee on resolutions, and several sections were received with applause and unanimously adopted. The convention then adjourned.

THE PLATFORM.

The democracy of Ohio, in convention assembled, congratulate the country:

First—Upon election and inauguration of the democratic candidates for president and vice president of the United States. These fortunate events and the wise administration that has followed have already dispelled the illusion that democratic power is inconsistent with the business interests of the country, or perilous to the rights of freemen. The revival of prosperity and increase in value of property, already begun, demonstrates the beneficence of democratic principles, even before any session of congress has enabled the country to realize the full fruition of their application by legislation.

Second—We congratulate President Cleveland upon his cabinet and upon the auspicious beginning they have made in the necessary reforms of the government and heartily endorse their administration.

Third—We approve the measures taken by the democratic congress for preventing the acquisition of unearned lands by railroad companies, and a democratic president in firmly holding public lands for public use, and preventing their unlawful occupation.

Fourth—We reaffirm the platform of principles adopted by the democratic national convention in 1884.

The platform continues and endorses Governor Hoadly's administration, sincerely regrets the death of General U. S. Grant and also the death of Judge J. W. Okey. It asks the general assembly to pass a liquor license law and says: "The democratic platform is, as it always has been, opposed to summary legislation and unequal taxation in any form and is in favor of the largest liberty of private conduct consistent with public welfare and rights of others and of regulating the liquor traffic and providing against evils resulting therefrom by a judicious and properly graded license system."

The platform favors a revision of the state constitution to admit such a license.

Enforcement of the Medical Law.
Dr. Metcalf, secretary of the state board of health, to-day issued a letter of instruction to county health officers touching the enforcement of the law requiring physicians to have license. He is of the opinion that it is the duty of health officers, in accordance with section 2 of the law establishing a health board, to see that the provisions of the medical law are strictly enforced. Secretaries are directed to examine the records of license kept by the county clerk, and if any such have been obtained without first complying with the law, or by fraudulent representation, to prosecute offenders under section 4 of the medical law.

Hydrophobia in Dekalb County.

Dr. H. V. Swearingen, secretary of the county board of health, was yesterday notified by Dr. D. J. Swartz, secretary of the Dekalb county board of health, that a case with symptoms of hydrophobia had been discovered at Auburn. The history of the case also bears out the diagnosis.

Miners Indulge in a Fierce Fight.

By Telegraph to THE SENTINEL.
SHEENSBORO, Aug. 20.—The miners and laborers employed at Leonts, Lilly & Co.'s colliery have quit work because of a reduction in wages, and Hungarians and Poles are being put to work about the mines. The foreigners were attacked Tuesday morning. The fight became general and was participated in by one hundred men and boys. From fifteen to twenty-five persons were seriously and several Hungarians fatally injured. The Hungarians fought desperately and showed a determination not to leave the place. Yesterday morning they returned to the colliery and have not since been interfered with.

New York and Brooklyn Excited.

BROOKLYN, Aug. 20.—The Board of Health here notified the Sanitary Inspector to be on the lookout for Henry Ryner, 22 years old, a sailor on the schooner John Gibson, who had left the vessel, now lying at a Brooklyn dock, sick with symptoms suspiciously like those of yellow fever. The John Gibson came into port from Genoa, August 14th, and was detained at quarantine till August 14, when, all being well on board, she was allowed to come to her dock. It is reported now that her captain had died on the voyage from the fever. Another report says there was no sickness on board. Which report is true cannot be ascertained at present. Ryner left the ship, and when it was found he had crossed the city to New York, search was at once made for him. Before it was begun a citizen had found Ryner lying very ill in the Battery Park, and had helped him to No. 27 State Street, where he fell in a hallway, unable to go further. Here, Dr. Cowart, a sanitary inspector, found him, and had him at once removed to the Riverside Hospital. During the night he developed the well-known signs of the dread disease. He was removed to the quarantine. The health officers say they do not believe yellow fever could become epidemic in New York, in its present sanitary condition.

Annual Convention.

PHILADELPHIA, Aug. 20.—The National Association of ex-prisoners of War began its Twelfth Annual Session here yesterday. The following committee on credentials was appointed: Comrades Britton, Rippe and Stark. Before this committee concluded its labors the reports of officers were handed in. In his report the President said: "There has been no very marked progress in the advancement of our organization during the past year; while our hopes of extending our organization, so as to include all ex-prisoners with complete State organizations, has not been fully realized; much practical work has been done that must produce desirable results in the immediate future. We have now regularly chartered associations, either State or local, in fifteen States, as follows: Pennsylvania, 2; Michigan, 7; Ohio, 5; Indiana, 3; New York, 1; Colorado, 2; Massachusetts, 2; Connecticut, Illinois, Wisconsin, Maryland, Virginia, Alabama, Kansas, and the District of Columbia, making a total of thirty-seven organizations in all." The Secretary's report showed that one local association has been organized at Wichita, Kansas, and that regular State association meetings have been held in the States of Indiana, Ohio, Virginia, and Pennsylvania. The Treasurer was absent and his place was occupied by Dr. G. A. Gossamer, of Fremont, Ohio, and his report showed that \$311.16 had been received during the last term. The meeting then adjourned, and the members were escorted through the United States mint by comrades of the Pennsylvania State Association.

Held for Murder.

By Telegraph to THE SENTINEL.
CHICAGO, Aug. 20.—Martin Fox, alias Wilson, was arrested yesterday at the

prison door at Joliet, Ill., immediately after his release from a one year term. He has been taken to Tipton, Ind., where he will be held for the murder of John Nallebrom, in 1880.

CHICAGO, Aug. 20.—A strange malady has broken out among cattle, particularly milch cows, in the stock yards. It appears to be in all cases fatal, and is thought to be Texas fever.

A NEW DEAL.

The Wabash to Connect With the Nickel Plate and West Shore Routes.

It is stated, says the Chicago Times, that General Manager Talmage, of the Wabash, is in New York, where he will be joined by the traffic manager, J. M. Smith, when a conference will be held with the Vanderbilt people upon the subject of making the Wabash the St. Louis connection of the Nickel Plate and West Shore lines for both passenger and freight traffic. It is said that Vanderbilt is willing to make the deal, and that the ground has been gone over and an understanding to that effect arrived at between the English holders of Wabash securities and Mr. Vanderbilt and his representatives. If this arrangement is made the junction of the Wabash and Nickel Plate, at New Haven, will boom that village into a railroad center.

The Base Ball Clubs.

A correspondent asks for the standing of the league clubs and it is given: In the race for the pennant in the national league Chicago leads with sixty-one games won and seventeen lost. New York is second with forty-six games won and eighteen lost. Providence is a poor third and Philadelphia fourth. These places seem fixed nasterly. The fifth place, however, is a matter of contest between Boston and St. Louis, with the former on top this week. Detroit has fallen back to the bottom place, Buffalo leading by one game. In the American association St. Louis has a winning lead, with Cincinnati second. Louisville and Pittsburg are tie for third place.

THE RICH ARE SAFE.

MADRID, Aug. 20.—The only wealthy persons who have been attacked by the cholera scourge are the public officials who are compelled to visit the hospitals of infection. Many people are returning to the city, which they consider safer than the provinces. A doctor who saved fourteen out of fifteen patients in the second stage of infection by administering an emema of ether, has been authorized to apply the remedy in the hospitals.

MADRID, Aug. 19.—There were 4,109 new cases of cholera and 1,541 deaths from the disease in Spain yesterday.

TOWN DEMOCRATS.

CINCINNATI, Aug. 20.—The Democratic State Convention adopted a platform asking for the repeal of the prohibitory liquor law and favoring the enactment of a license law from \$2.00 to \$5.00. Reference to President Cleveland is made as follows: "In President Cleveland the country has found a man of solid judgment, conscientious integrity, unswerving fidelity, and patriotism and courage equal to that of Andrew Jackson, and his efforts for economy, for the exposure of the criminal acts of the Republican party and its officers, for his unflinching firmness in dealing with the cattle kings for his zeal in behalf of reform, for his efforts to restore the public land to the settlers, for his efforts to reform the law against polygamy, and for his constant watchfulness over the public welfare, he has acted in such a way as to receive the hearty thanks of the Democracy of Iowa and its unswerving support."

The first ballot resulted in the nomination of Hon. Charles E. Whiting, ex-judge and member of the last Senate for Governor.

A spirited debate on fusion resulted in the nomination of Hon. E. H. Gilbert, of Des Moines, the Greenback candidate for Congress from the seventh district for Lieut. Governor; F. M. Moore, of Davis County, Greenback candidate for Superintendent of Public Instruction.

A Fatal Collision.

CHICKASAW, W. Va., Aug. 20.—While the cars were ascending and descending the inclined railroad, at the Cabin Creek Coal Mine, a short distance above the city, loaded cars broke loose and collided with a car in which were Lorton Oakford, President of the road, Thomas Peacock, Amos Mitchell, Joseph Hall, and a man named Thomas, killing the four first named and seriously wounding Thomas.

Deputy Sheriff Clatsmeyer cleverly arrested Henry Melnick and the thing is doing a jail sentence.

By Telegraph to THE SENTINEL.
INDIANAPOLIS, Aug. 20.—Constable Thomas D. Smith, of Lafayette, was suspended from duty yesterday. Under cover of his authority as constable it is charged that Smith has been issuing and serving warrants of arrest on young girls in the city and then taking them to his room and compelling them to remain with him over night. In the morning he would release the girls after exacting from them a promise to say nothing about the matter, and through fear of additional imprisonment they have for the most part kept silent. Smith makes no attempt to deny these allegations.

THE PLAGUE.

It is Asserted that Half the Cases Are Not Reported.

By Cable to THE SENTINEL.
LONDON, Aug. 20.—The majority of reports received here give the number of deaths from cholera at Marseilles at almost double that officially announced. A dispatch to the Reuters Telegram company says the sanitary condition of the city is alarming and that the epidemic is extending northward.
